No: 441/2016

Date: 26th August 2016

AFFORDABLE HOUSING SCHEMES ARE MOVING AHEAD

In response to Mr Clinton's latest comments, the Government would like him to know that there was a very good reason that it did not give any comments to GBC about Hassan Centenary Terraces. The reason was that GBC did not ask for them! They only asked questions about Bob Peliza Mews.

Negotiations for both developments are now in an advanced state and the Government continues to push to get the best possible deal for the taxpayer.

The Government can categorically confirm that both developments are moving ahead and will shortly be brought to a satisfactory conclusion.
