PRESS RELEASE

No: 79/2016

Date: 24th February 2016

Mars Products Recall

Mars products are imported into Gibraltar through both UK and Spanish distributors. The Environmental Agency has contacted the three local importers of the products and they have all recalled all the affected products from sale. The recall is being undertaken as a precautionary measure in connection with products produced only in the Netherlands (Veghel) due to the possibility of plastic contamination. The recall of the products is as a result of a piece of plastic found in one of their products. The Company has said that this is an isolated incident and that only varieties of chocolate, pack formats or bar sizes detailed below are affected.

The following are the brand, variety and batch codes of the affected products:-

Brand	Product	Batch
MARS	Mars Bar 18gr	601C91KN99

The Environmental Agency is in contact with the local importers and the Food Standards Agency UK and will be providing updates on any further developments. Consumers who have purchased any of the abovementioned products are advised not to consume them and to return the product to the establishment of purchase. Should the public require further information they are to contact the Environmental Agency on Tel 20070620 or visit the website <http://www.environmental-agency.gi/> or the Gibenviro telephone App.
