OFFICIAL NOTICE

STTPP – New Loading and Unloading Commercial Zones

Following on from the recently announced new hours for Commercial access to the Main Street Pedestrianised Area, in-keeping with the recommendations from the STTPP and in light of heightened security measures, HM GoG announce the introduction of new loading and unloading zones within the City Centre for Permit Holders Only.

These new zones, which will be available as from Friday 16th June, will allow commercial vehicles to load and unload goods very near Main Street thereby minimizing the disruption caused daily and allowing Commercial entities to deliver goods from 7am to 7pm Monday to Friday and 7am to 2pm on Saturdays.

These new zones will be located in the following areas:

1. Fish Market Road
2. John Mackintosh Square
3. Main Street South

The permits for these new zones will be available from the DVLD at a cost of £25, Ad-hoc permits will also be available for £10.

As from Thursday 15th June 2017, commercial access to Main Street will only be allowed between the hours of 8am and 9:15am (last entry), with the last vehicle exiting by 9:30am, and further access will be permitted between 6pm and 8pm (last entry) with the last vehicle exiting by 8:15pm, Monday to Friday. This scheme will be kept under review.
