

PRESS RELEASE

No: 504/2017

Date: 22nd August 2017

Temporary Power Outage in Governor's Parade Area

Following a minor fire in the Governor's Parade sub-station, it will be necessary for the Gibraltar Electricity Authority to carry out immediate repair work. As a result, an area around the O'Callaghan Elliott Hotel, Town Range, Governor's Parade and part of Main Street will be without power until approximately 5pm today.

The Electricity Authority wishes to apologise for the inconvenience this work will cause.
