HM Government of Gibraltar responds to article in UK press

Keir Starmer QC is a former Director of Public Prosecutions in the United Kingdom and a very highly regarded human rights lawyer. Keir has been instructed to advise Her Majesty's Attorney General for Gibraltar on two occasions. On both occasions his advice has been sought in relation to non-political matters affecting prosecutions and procedures relating thereto. Both instances are entirely unrelated to the UK or Gibraltar's membership of or exit from the European Union.
