Launch of Young People's Directory of Services

The Minister for Youth, Hon Steven Linares, this evening launched the "Directory of Services for Young People" on behalf of the Voice of Young People, a specialist project ran by Gibraltar Youth Service whose aim is to develop and improve services for the youth in our community.

This directory is a compact business card which opens out into an A3 paper and encompasses a spectrum of organisations which caters for the well-being of young people in their physical, mental, social and economic welfare.

The event was attended by all organisations represented in the directory and Minister Linares addressed delegates and said:

"Firstly this is a valuable, informative resource which highlights the number of diverse services available to our youth in the community. Secondly I am looking forward to meeting with the Voice of Young People to address the development and improvement of services for our youth."

Should you or your organisation wish to obtain a directory please email caroline.dixon@gibraltar.gov.gi.

The Voice of Young People would like to thank Kusuma Trust and Ezylet for their kind donation in sponsoring the Directory.
