### UK MA FORUM

The UK Structural Funds Managing Authorities Forum meeting was held in Gibraltar on 14 June 2018, at Bleak House Training Institute.

EU Directors from Scotland, Wales, Northern Ireland; Greater London Authority and the England ERDF & ESF Programmes joined the Gibraltar Director, Mr Charles Collinson.

The Forum is a working group which looks into day-to-day issues affecting the various UK Programmes and acts as a network/help-line for those involved.

On termination of their business, the members visited a number of local EU co-funded projects which included EcoWave Power and the improvements to the Upper Rock sites.
