and Planning

PRESS RELEASE

No. 86/2019

Date: 7th February 2019

Taxi Rank Improvements at the Gibraltar International Airport

The Ministry for Infrastructure & Planning is pleased to announce improvements to the taxi rank at the Gibraltar International Airport.

The new taxi rank now provides further sheltered waiting area that will complement the weather protection structures / parasols which will be moved from the forecourt of the terminal building to this new location. The rank will also have a holding area for passengers waiting for a taxi which will create a formal queue system as seen in many modern airports and indeed railway stations throughout the world.
