1. INTRODUCTION

- 1.1 The Gibraltar Civil Aviation Authority (GCAA) continues to ensure that it has the most up to date aviation regulatory system by developing operating regulations under the Civil Aviation Act, Section 34(1), which are easy for the aviation industry to understand and navigate.
- 1.2 A Notice of Proposed Amendment (**NPA**) is a public notice that is issued when the GCAA wishes to add, remove, or change operating regulations as part of the rulemaking process. The following is a description of a new edition, any major change, (apart from minor editorial corrections) that were made to these regulations;
- (a) CAR OPS 0 (Civil Aviation Regulations – Rules of the Air) is a new regulation and has been developed from ICAO Annex 2.
 - (b) CAR OPS 0 addresses rules of the air for all aircraft operated on the Gibraltar registry anywhere in the world. In particular;
 - (1) Applicability worldwide;
 - (2) Normal and unusual operations (e.g. formation and aerobatic flight);
 - (3) Flight plans and ATC clearances;
 - (4) VFR and IFR operations;
 - (5) Interception procedures; and
 - (6) Signals and lights.
- 1.3 The purpose of this NPA is to:
- (a) introduce formal public consultation on the proposed CAR;
 - (b) ensure the adequacy of legislation governing operations of Gibraltar registered aircraft in accordance with ICAO SARPS and international best regulatory practices; and
 - (c) determine the effect on the aircraft operators/organisations of the proposed legislation.
- 1.4 The GCAA now seeks comments on this NPA from the aviation industry and the concerned parties before proceeding further.
- 1.5 Abbreviations

GCAA	Gibraltar Civil Aviation Authority
CARs	Civil Aviation Regulations
NPA	Notice of Proposed Amendment
SARPS	ICAO Standards and Recommended Practices

2. OBJECTIVE

- 2.1 The objective of this NPA is to advise all concerned parties of the proposed changes and to obtain comments regarding these changes. A number of regulatory criteria have been identified to guide the development of these changes. The criteria require that the new legislation/regulations should:
- (a) be clear, concise and unambiguous;
 - (b) be consistent with the GCAA's international obligations;
 - (c) be harmonised with ICAO SARPS and international standards, unless unique GCAA circumstances require otherwise; and
 - (d) be enforceable.

3. EFFECT OF CHANGES

- 3.1 The persons/organisations affected by the proposed new regulation are expected to be all persons and organisations involved in the operation of aircraft registered in Gibraltar.
- 3.2 All persons affected by these regulations are requested to review the changes and determine the effect on their particular circumstances.
- 3.3 The effective date for CAR OPS 0 is planned for **01 January 2026**.

4. PRESENTATION

- 4.1 Once promulgated, the new regulation will be available in electronic format on the GCAA website under "CARs".

5. HOW TO SUBMIT COMMENTS ON THIS NPA

All submissions must be received by 01 December 2025 and will be evaluated and assessed with a view to incorporating any necessary changes to the regulations prior to their formal promulgation. In order to simplify collation and summarising of comments, the GCAA will accept an email or letter together with the Response Sheet (refer to page 5/6) and any additional comments attached as necessary. Responses may be sent to;

Email:

Address:

The GCAA may contact persons in respect to submissions in order to clarify issues but is not obliged to individually acknowledge or respond to comments or submissions.

If no response is received by the due date it will be considered as "acceptable without comment" from the recipient of the NPA.

Your review of these regulations is very much appreciated.
