## 1. INTRODUCTION

- 1.1 The Gibraltar Civil Aviation Authority (GCAA) continues to ensure that it has the most up to date aviation regulatory system by developing operating regulations under the Civil Aviation Act, Section 34(1), which are easy for the aviation industry to understand and navigate.
- 1.2 A Notice of Proposed Amendment (**NPA**) is a public notice that is issued when the GCAA wishes to add, remove, or change operating regulations as part of the rulemaking process. The following is a description of a new edition, any major change, (apart from minor editorial corrections) that were made to these regulations;
- (a) CAR OPS 2H (Civil Aviation Regulations – General Aviation (Helicopters) is amended.
- 1.3 The purpose of this NPA is to:
- (a) introduce formal public consultation on the proposed CAR amendment;
- (b) ensure the adequacy of legislation governing operations of Gibraltar registered aircraft in accordance with ICAO SARPS and international best regulatory practices; and
- (c) determine the effect on the aircraft operators/organisations of the proposed legislation.
- 1.4 The GCAA now seeks comments on this NPA from the aviation industry and the concerned parties before proceeding further.

A number of regulatory criteria have been identified to guide the development of these changes. The criteria require that the new legislation/regulations should:
- (a) be clear, concise and unambiguous;
- (b) be consistent with the GCAA's international obligations;
- (c) be harmonised with ICAO SARPS and international standards, unless unique GCAA circumstances require otherwise; and
- (d) be enforceable.

**3. EFFECT OF CHANGES**

**4. PRESENTATION**

- 4.1 Once promulgated, the CAR OPS 2H, Revision 01 will be available in electronic format on the GCAA website under “CARs”.
