

## **Policy 01**

Utilisation of United Kingdom Civil  
Aviation Publications for Guidance in  
Gibraltar

# Policy

It is the policy of the Gibraltar Civil Aviation Authority (GCAA) to utilise certain of the United Kingdom Civil Aviation Authority (CAA) Civil Aviation Publications (CAPs) in its own document set for the purpose of providing guidance to operators and service providers where none has been published by the GCAA. It should be noted that where the GCAA is the competent authority, and a GCAA publication exists that overlaps in areas of a CAA CAP, the GCAA guidance will always take precedence.
